

CODE NODE

Spacious, vibrant and different,
CodeNode is the UK's largest venue
dedicated to technology events
offering a range of flexible packages
from small groups to large conferences
for **up to 400 attendees**

With 23,000 sq ft of industrial style space in the heart of London, CodeNode hosts thousands of conferences, meetups, training courses and collaborative workshops each year. Our large exhibition and breakout area, complete with an array of vintage sofa seating, ping pong tables and our fully-licensed **{{SpaceBar}}**, provides the ideal environment for learning and networking at your event.

Every booking is tailor-made to suit our clients' individual requirements, so you can relax knowing that your event will be in safe hands with an experienced event team and in-house AV services.
