

Entertaining on ice

Winter 2021

Entertaining with Benugo at the Natural History Museum Ice Rink.

The truly beautiful backdrop of the Natural History Museum surrounded by trees sparkling with fairy lights makes this London's most enchanting ice rink.

The main rink with a majestic Christmas tree at its centre is 1,000 metres square, and adjoins a smaller rink for children needing a gentler space to practice in.

The rink provides festive fun on its perimeter including a Café Bar providing a birds eye view of the rink and a vintage carousel.

Join us this year at one of London's most popular seasonal attractions and enjoy bespoke hospitality packages to celebrate the holiday season, whether it's with colleagues, friends or family.
