

IT'S CHRISTMAS

Just a little different this year...

Christmas cancelled? No chance.

Celebrating over the festive period may be a bit different this year. But there's no need to cancel all plans. And perhaps we need a bit of seasonal spirit and all that involves more than ever.

Getting together with colleagues for a Christmas lunch, dinner or party may be off the menu, but with a bit of imagination we can help you celebrate, connect, share and have some fun.

We just do it differently this year. We do it digitally. Perhaps with some physical bits thrown in – from food to fancy dress.

So no need to venture out – we'll bring the party to your kitchen. We know it's not the same, but there are many creative ways to bring some festive fun to groups of all sizes, whether it be a team cook-a-long, or a full-on virtual party.

Or do it very differently - make a day of it, or a week... or a month!

Have fun throughout December with a Christmas Countdown.

CHRISTMAS COCKTAILS

The virtual cocktail masterclasses are run through a virtual meeting platform and are entertaining, informative and lots of fun.

Participants will be guided through making the cocktails by one of our charming and engaging mixologist presenters. We have a range of deliciously simple Christmas cocktail recipes that everyone can follow.

Once the cocktail menu has been decided, we send Christmas themed gift boxes to each guest including all ingredients, cocktail equipment (excluding glassware) for the chosen cocktails.

CASINO NIGHT

Entertain your guests with casino games such as Blackjack, Three-Card Poker and Texas Hold Em' Poker.

If playing with 5-14 participants, everyone will remain in the same "room" for the game. If playing with more than this, we would allocate multiple breakout rooms within the Zoom call so everybody can get fully involved!

A professional croupier will give an initial briefing before everyone takes their place at the table. Each digital game table can be personalised with player name tags and your company logo. The aim of the game is to accumulate as many chips as you can during the allocated time in order to be crowned the winner - we hope you're feeling competitive!

CHEESE & WINE TASTING

For this experience, we will send participants tasting packs in advance...

...including 6 x 100g portions of cheese and two $\frac{1}{2}$ bottles of wine (one red & one white). Each pack can be shared between 2 people, so this is a perfect activity if participants want a plus-1 to join. All your guests will need is a couple of wine glasses and internet connection.

Once everyone has joined the video call, your guests can sit back and sip, whilst being entertained and educated by an expert sommelier. There is also the option to add interactive elements into this tasting experience such as games and quizzes for an additional cost.

Virtual Cabaret – e.g. musicians, magicians, comedians, spontaneous poet!

Host games and offer prizes – an incentive to keep listening (e.g. when certain song played or link the 3 songs in a row)

Dance Leader – get everyone involved in some movement and/or dancing

Virtual Photobooth - on mobile or via a webpage
