

VIRTUAL BAKE OFF

EVENT OVERVIEW

Inspired by the Great British Bake Off, teams get creative by taking part in the nation's favourite activity of the moment – baking! Baking is good for the soul and brings a high reward of self-satisfaction. We will include recipes from the best establishments worldwide and have you baking for success, will you and your colleagues rise to the challenge?

WHAT HAPPENS ON THE DAY?

Prior to the event date, each participant will receive an ingredients list of what they need to create delicious bakes such as cakes, cookies and brownies. We can for an additional cost, post ingredients to participants if preferred, but we wouldn't send fresh ingredients such as cream, milk and eggs.

On the day, we ask all delegates to join us on a Zoom call (or other platforms available) and set up near your cooking station. We will live link our live chef demonstrating the tutorial from their professional kitchen too. Follow all the steps and make sure you prepare everything to the best of your ability as there is a winning prize at stake! The winner will be announced based on the best design and presentation of the dishes.

Everyone can dine 'virtually' together and enjoy their delicious creations.
