

# VIRTUAL ESCAPE

The background is a solid teal color. It is decorated with various abstract shapes: a yellow wavy line in the top left; a yellow wavy line in the bottom center; a yellow grid of dots in the bottom left; a white circle in the bottom left; a white diamond in the top right; and several small white geometric shapes like triangles and zig-zags scattered throughout. There are also faint, larger-scale wavy patterns in a lighter shade of teal.

# POWERED BY TECH FOR MAXIMUM ENGAGEMENT

We combine our interactive app with video conferencing software to bring you the latest in collaborative, virtual team building.

# OUR REMOTE ACTIVITIES

## The Daily Kick-off

Motivate and inspire your teams to boost morale

## The Team Quiz

The ultimate social activity to replace that trip to the pub

## The Virtual Away Day

Build your teams, encourage collaboration and teamwork

## Virtual Escape

Solve riddles and cryptic clues to crack the code and escape

## Virtual Manor House

Solve the crime and capture a killer before time runs out

# Virtual Escape

UP TO 90 MINS

**Great for:**

Time management

Keeping teams connected

Teamwork under pressure

Develop problem-solving

A highly engaging and experiential team event designed to put creative problem-solving skills to the test. Remote teams must complete a series of cryptic tasks, riddles and puzzles, with the goal of escaping our virtual room!

Hosted via video conference and one of our virtual event managers, participants will have to unpick evidence, unravel cryptic messages and avoid the curveballs that will be thrown at them along the way! Using image recognition and augmented reality technology, teams will have to scan the right objects via our Escape website to unlock tasks, challenges and codes in order to break free!

# THE BRIEFING

We'll brief you as one large group

Then split you into smaller, more manageable teams.

# THE AIM OF THE GAME

Our remote Event Manager will set the scene with a tense virtual briefing, detailing why participants must escape! Teams will then be faced with a locked study that they must virtually break out of before they run out of time. Using their own smart devices, participants will work their way through a myriad of clues by tapping on the objects throughout the room.

They must progress through the three stages of The Virtual Escape challenge as quickly as they can, while correctly completing questions and challenges as they go. Teams who employ a thoughtful strategy and manage their time carefully shall prevail.

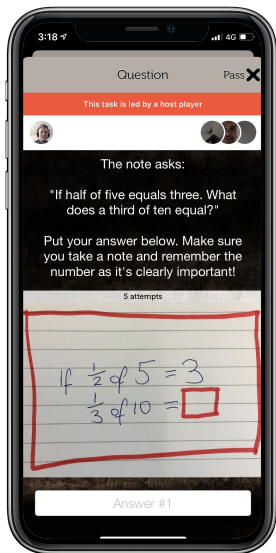

The aim of the game is simple; solve the clues to crack the code and break free, all before you run out of time.

A Typical Event In Action

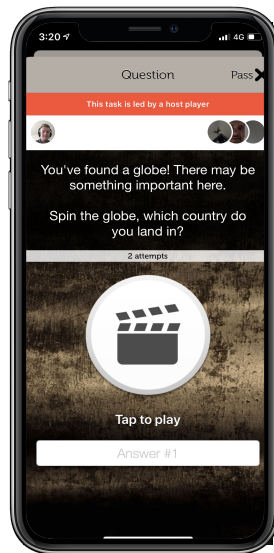

# HOST-LED QUESTIONS

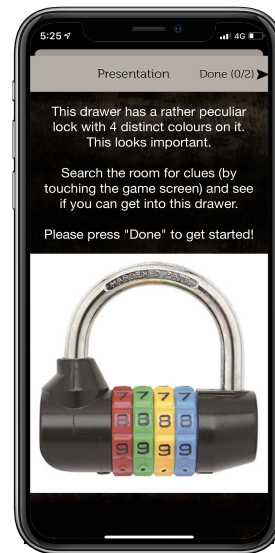

## Host

Choose a team Captain

## Answer

You all see the same question, but only the Captain can answer

## Win

Points are awarded instantly for correct answers

# THINGS TO CONSIDER

To make the most out of your remote experience, make sure you have access to the following:

- A good internet connection
- A smartphone with the 'Mobile Adventures' app downloaded
- A laptop or device with sound and a camera in order to join a video conference. Our platform of choice is Zoom\* which we set up for you using our account details. The benefits of Zoom is that it allows us to split your group into smaller teams, each in its own breakout room, allowing teams to collaborate. [See why we use Zoom.](#)

\*We have some clients who do not allow the use of Zoom. That's fine - just let us know as we have delivered these events in Webex, Google Hangouts, BlueJeans and Microsoft Teams. It just requires us to deliver the event in a slightly different way - [watch this.](#)

**“We loved the activity - thank you so much for sharing the experience with us!! It was so well thought out and gave opportunities for engagement with all members of the team. It definitely helped to bring us closer together as a team during this difficult time and offered the perfect balance of social interaction alongside the team building elements. Our host was really professional and the team found his presentation clear and engaging as well as enjoying his support and encouragement throughout the activity”**
